CEO
White Star Software

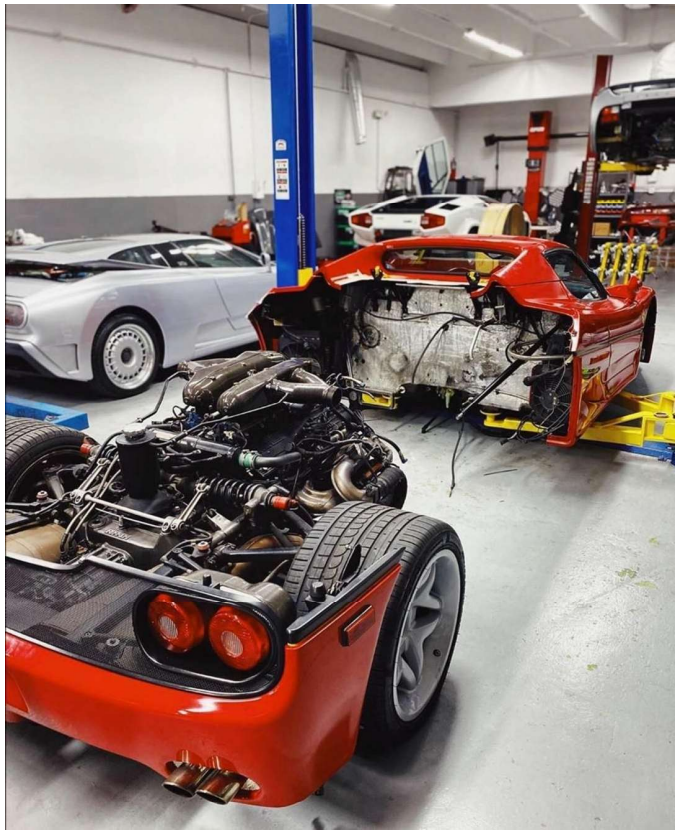

ProTop

Agenda

- Oil and filter change
- Mag wheels and paint job
- V8 Turbo + 6-speed Tiptronic
- James Bond package…

ProTop

Oil Change, Tire Rotation...

ProTop

Oil Change, Tire Rotation

Constant improvements

- Node.js, Docker, K8, Linux, etc… updates
- Never-ending security patching and enhancements
- Performance, performance, performance…
- Major architectural changes
  - Splitting services into containers
  - AWS redundancy and high availability
- Websocket to RabbitMQ

- All things that require massive investment but are invisible to the user…until they are not

UI and UX Enhancements

Things that directly impact our users

- Move from Angular to React + NextJS
- Fast and easy filtering and grouping
- “Favourite” groups and filters
- More data available without constant screen refreshes
  - Slide-in panels vs navigation to new screen
- Configurable dashboards (Q3 2026)
  - Build your own, share with friends
  - Not limited to one resource

ProTop

Engine and Transmission

ProTop

Major Functional Improvements

Mostly Q3 and Q4 2026

- Open Telemetry support
  - Ingest, graph and alert on any OTel data
  - Mix-and-match server, cloud, hypervisor and OpenEdge telemetry data
- ProTop Real Time Web
  - All the advantages of ProTop RT without having to connect to the VPN, ssh to the server…
  - Switch back-and-forth from trend analysis to real time analysis instantly

ProTop

Major Functional Improvements

Mostly Q3 and Q4 2026

- Support Management and On-Call Alerting
  - Who is on call, to whom to escalate, schedules, call, SMS, app…
  - For us, replaces Pagerduty functionality
- SSO
  - Google and Microsoft Cloud
- AI, of course…

ProTop

AI Functionality

Phase 1

- Alert enhancement
- Suggested actions
- Interactive discussion about alerts and data

ProTop

Zecret Agent Stuff !!

ProTop

AI, AI, AI...

Q1 2027

- DBAgents
  - Execute corrective actions on your behalf
  - You don't even have to get out of bed !
- Local Subject Matter Agents
  - Not just WSS OpenEdge expertise
  - Bob's expertise, Jennifer's expertise…

- Imagine an agent that has all our 30+ years of expertise AND all of your internal experts 20-30+ years of experience
  - No longer science fiction

ProTop

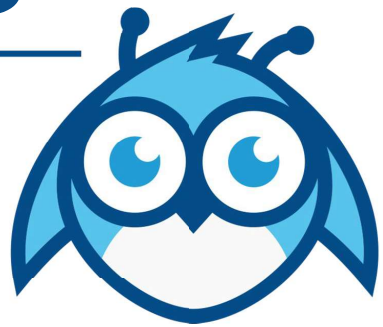

AI, AI, AI

Q2 2027

- Automated correlation and root cause analysis across all data sources
  - DB is not down, it is unavailable because a switch is misconfigured
  - DB is not slow, there is a degradation in the SAN
